A DIGITAL PHOTOGRAPHY EDUCATIONAL EXPERIENCE FOR ADULTS

PUB SERIES

Coming To The Skokie Curragh - February 2011!

Pubs

Natural gathering places for meeting with friends, meeting new friends, exchanging ideas and engaging in lively debate.

It was inevitable then that a group of friends sitting in a pub discussing photography, cameras and technique, would hit upon the idea of running digital photography workshops - at the pub! Why not incorporate the ideal social gathering place with the ideal learning methodology - lecture, discussion, exchange of ideas and hands-on application.

With that in mind, we have created the "Shots Pub Series". A collection of digital photography workshops that will run once a week over a 5 - 6 week period. Each class date runs for three hours. Two hours of structured lecture followed by one hour of informal Q&A and idea exchange. The registration cost for each program includes two complimentary drinks (beer or wine) as well as appetizers. Each session will be held in a private room - so no worries about rowdy pub patrons!

All of the photography classes are designed for SLR style digital cameras. Our first program will be a basic series for those who are serious about photography, but would like to learn more about their camera. The program will run for 5 weeks beginning Thursday February 10, 2011 and will meet every Thursday from 7 - 10 p.m. The program cost is \$250 and attendees will need to have their own SLR digital camera and a flash.

For more information, to join our mailing list or to register for this program, please visit our web site at www.shotspubseries.com. Remember - you must be over 21 to attend.
